DDES Activity No. _____ Date: _____

During review of this development proposal, it was determined that this property contains one or more of the following critical areas and buffers, which are identified and protected by the Critical Areas Code, KCC 21A.24:

Erosion Hazard	Class 1 Stream	Class 1 Wetland
Seismic Hazard	Class 2 Salmonid Stream	Class 2 Wetland
Landslide Hazard	Class 2 Perennial Stream	Class 3 Wetland
Steep Slope Hazard	Class 3 Stream	Wildlife Habitat Corridor
Coal Mine Hazard	Flood Hazard	

The Critical Areas Code requires a buffer or native vegetation around most of these critical areas. In order for a buffer to perform its functions, it must remain in an undisturbed condition as a "setback area" in which native plants are allowed to grow; no non-native species may be introduced into this area. However, certain agricultural uses and landscaping which existed in those areas prior to 1990 are allowed to continue. In addition, a 15-foot building setback is required beyond the buffer boundary.

This proposal appears to conform to the Critical Areas Code. The property owner is required by the Critical Areas Code to record a Notice on Title of the property before a permit may be issued. Please follow the instructions below to file a Notice on Title.

- A. Prepare a site plan (8½-by-14 inches or smaller) which shows only the following items:
 - 1. Property boundaries
 - 2. North directional arrow
 - 3. DDES activity number
 - 4. The scale
 - 5. Critical area and buffer, boundaries/borders/ordinary high water marks/tops, toes, and sides of all wetlands/streams/steep slopes (> 40%) / coal mine hazard areas/landslide hazard areas/wildlife habitat corridors
- B. Return this site plan to the Critical Areas Section for review. Once we approve the site plan, it will be returned to you and you can complete the following steps for filing a Notice on Title. If we do not approve the site plan, we will contact you with our concerns.
- C. Complete and notarize the attached Critical Area Notice and Legal Description forms.
- D. Record the Notice, Legal Description, and site plan at the King County Recorder’s Office, Records and Elections and Licensing Services Division, located on the third floor of the King County Administration Building, Room 311, 500 Fourth Avenue, Seattle. For more information, the Recorder’s Office Customer Service phone number is 206-296-1570 and their Web site is www.metrokc.gov/recelec/records.
- E. Be sure to get a copy of the recorded documents.
- F. Keep one copy and return two copies of the recorded documents to the Permit Center at DDES, 900 Oakesdale Avenue SW, Renton, Washington, before or when you pick up your building permit, or to the Site Development Services Section for plats, short plats, and clearing and grading permits.

If you have any questions or concerns about this requirement, please contact:

_____ at 206-296-_____ for geologic hazard areas
_____ at 206-296-_____ for stream, wetland & wildlife critical areas
_____ at 206-296-_____ for flood hazard areas.

To reach DDES customer service, call 206-296-6600.
